| Matt Bronze<br>An aged finish on brass creating a vintage appearance, yet one that also looks outstanding in contemporary schemes. Over a period of time the<br>bronze colour will lighten along any edges and surfaces that are frequently touched and create a naturally aged appearance highlighting<br>frequently touched areas and exposing the brass below. |  |                          |                     |                  |                    |                         |   |  |
